Making Compliance Fast + Easy + Painless

Governmental Training offers specialized training for employees of government, municipal/city governments, law enforcement, and correctional officers. Our programs are designed to build essential skills, reinforce ethical standards, promote a strong culture of safety, and improve performance across all levels of public service.

Government Training

The **Government Training Series** provides a thorough orientation for new federal, state and city government employees and as a valuable refresher training for experienced employees. By investing in continuous education, government agencies ensure a skilled and informed workforce capable of navigating the complexities of public service and contributing effectively to organizational goals.

Rollout Our Smart Training to Your Workforce in 5 Minutes or Less

How? Our training system is smart - *very smart* - and does almost everything for you. All you have to do is to email generic instructions to your staff. It is the same instructions for everyone and we've already pre-typed the instructions for you.

Have staff that doesn't have email? No problem, print off the instructions and give it to them as a piece of paper.

Once you provide the generic instructions to your staff you are done. The smart training system then takes over from there and trains, tests, generates certificates, emails you a copy of those certificates, and maintains a training log.

It can't get any easier.

Our smart system utilizes a single shared multi-user login that eliminates the hassle of having to setup and manage multiple usernames and passwords.

Everyone from your organization can log in from home or work (24x7) using the same shared login (no limit on simultaneous users).

On passing the final exam, each individual is prompted to enter their name. The system then generates a PDF certificate for the individual and emails a copy of the certificate to the administrator for record keeping.

The smart system maintains a detailed training log automatically for you.
